Biopsychology International Edition Pinel - Pinel clearly presents the fundamentals Biopsychology and makes the topics personally and socially relevant to the reader. The defining feature of Biopsychology is its unique combination of biopsychological science and personal, reader-oriented discourse. Rather than introducing biopsychology in the usual textbook fashion, it interweaves the fundamentals of the field with clinical case studies ...Biopsychology clearly presents the fundamentals of the study of the biology of behavior and makes the topics personally and socially relevant to the student.. The defining feature of Biopsychology is its unique combination of biopsychological science and personal, reader-oriented discourse. It is a textbook that is “untextbooklike.” Rather than introducing biopsychology in the usual ... (I purchased this because there was no textbook in our school library and the 9th edition (which I have and love) is just too expensive for me to buy for my classmates who either can't afford the book or don't have the means to order it.) I hope you read the book if you get it. It's like Pinel has incorporated his spirit into the text. AbeBooks.com: Biopsychology (10th Edition) (9780134203690) by John P. J.
