

# E36 M3 Engine In E30

**E36 M3 Engine In E30** - Choice component number 1: the S50B32 from the E36 M3. So, out goes the old E30's four-pot, in comes a 321bhp/258lb ft straight-six that revs to 9,000rpm. So Mike's E30 has the good E36 M3 engine, the one America should have gotten but didn't. This one came from a car in Europe that took a nasty rear-end collision, but the engine was untouched. Most E30's came with the standard 4-cylinder, which isn't a bad engine, but doesn't really compare to the 6-cylinder. The E30 platform was the first to introduced the M3 edition. The E30 M3 is regarded to as one of the best sports cars of all time. But, has been praised to much, and now M3 E30's are insanely expensive. This is BMW parts item 11 14 2 249 533. OEM described as E30/E36 M3 Motorsport Rear Crank Seal, which you can buy online at BimmerWorld at the best price.
